

Digital Lunch Break - Diplomacy meets Digitalization
13 March 2019, 12.00 hrs – 13.30 hrs
Data Space by SAP, Rosenthaler Str. 38, 10178 Berlin

Ost-Ausschuss - Osteuropaverein is deeply involved in digital transformation issues. Among our twenty-nine partner countries a high dynamic developed in the previous years. Innovation Hubs rose and working successfully in almost every country. In lots of cases the public sector started initiatives to digitize services for citizens and companies.

Our second Digital Lunch Break focusses on the opportunities of an innovative and highly digitized public administration in the preparation of the next Digital Summit Western Balkan Six which will be held in Belgrade in the beginning of April. Therefore, we are honoured to hold our next meeting under the patronage of the Serbian Ambassador in Germany,
H.E. Dušan Crnogorčević.

Ambassadors of all 29 partner countries are highly welcome to join the event and to use the opportunity to exchange views, project ideas and events to come with representatives of the association's members and representatives of the German Federal Government and Members of Parliament.

The working language is English.
